# Code of conduct

## **Expected Behaviour**

This code of conduct describes the expectations for ethical and professional behaviour expected from all group members, that must be committed to offer a safe and inclusive work environment where all group members are treated with respect. All the following rules must be respected:

## Be Respectful

Pay attention to others and avoid interrupting them. Show interest in what others have to say and value each other's ideas, styles, and viewpoints. Use positive language when communicating with others, instead of using negative words or making negative comments in case of disagreement. Be willing to consider different perspectives and avoid making assumptions about others. Take responsibility for your impact and your mistakes and apologise for it. Avoid gossiping, abstain from spreading rumours or engaging in gossip about others. Be respectful of diversity, and make sure to be punctual and arrive on time for all the meetings.

#### Be Direct but Professional

We *must* be able to speak directly when we disagree and when we think we need to improve. Avoid being indirect, instead state your message clearly and concisely. Use specific examples and solid details to support your point, this helps to reduce the confusion. Maintain a calm and professional conduct, even if the situation is difficult or emotional. Avoid getting defensive or raising your voice. Instead of just stating problems, try to offer possible solutions.

## **Understand Different Perspectives**

Our aim should not be to "win" every disagreement or argument. A more creative goal is to be open to ideas that make our own ideas better. Pay attention to others and actively listen to their views and experiences. Ask questions to simplify and develop on other's perspectives. Look for areas of unity and agreement, even if there are differences in perspectives as this can help to build a foundation for understanding and collaboration. Make sure to always be open to receive feedback and constructive criticism.

## Behaviour That Will Not Be Tolerated

#### **Violence and Threats of Violence**

We do not tolerate any form of violence or threats of violence, including physical violence, verbal abuse, intimidation, bullying, harassment online or offline. Any member who employs violence or makes threats of violence will face disciplinary action, up to and including being removed completely from the group. In the event of an incident of violence or threats of violence, members are asked to immediately report the incident to their team members followed by the teacher. The incident will be investigated straightaway, and appropriate action will be taken based on the findings of the investigation.
